ADVENTURE HOLIDAYS WITHIN EVERYONE'S REACH.

Trip Information

Introduction

Traveling without a tourist guide and an organized tour in Syria was possible until 2018. However, after an incident with a German journalist that entered the country as a tourist and carried out activities related to the press, the authorities arrested him. They changed the conditions for obtaining a visa. Since then, an accompanying tourist guide with mandatory hotel reservation became a requirement to ensure that nothing like this happened again.

Visa on arrival

When we issue you a security clearance code, you will get a visa upon arrival at the border. With this border security clearance number, you will skip the line at the border and go directly to pay your VOA (Visa on Arrival). Your passport must be valid for at least six months.

Journalists are denied tourist visas. Admission is refused to holders of passports or travel documents containing an Israeli visa or stamp or any data showing that the visitor has been to Israel or indication of any connection with the state of Israel.

The tourist visa is issued by the cooperation between the Ministry of Tourism, Immigration, and Passports. There are conditions to obtain them, including having tourist guide facilities and overnight transportation in the hotel. Therefore, you can't travel independently. The visa is valid for one entry period not exceeding 15 days (with a tour).

Visa at the border upon our provided security clearance code is available for all nationalities. Still, some nationalities (Thailand, Singapore, Taiwan, Africa, USA) need special permission that takes 5-6 weeks to get the security clearance.

Nationalities that do not need special permission are all European countries, Canada, South American nations, Australia, China, Japan, Korea, and Russia.

For political reasons, US citizens have a 70% chance of getting a visa. Send us your documents; you only pay when we have your clearance code. We need 7 to 15 workdays to issue the security clearance and arrange the trip requirements for US citizens.

The visa fee at the border costs \$72 for European Union nationals, \$150 for US citizens, about \$20 for South American nations, \$31 for China (\$75 for Hong Kong), \$30 for Japan, and \$140 for the UK, \$90 for Canada, free for Malaysia, \$30 for Jamaica, \$35 for Georgia, \$60 for Mexico, and \$35 for Thailand.

ADVENTURE HOLIDAYS WITHIN EVERYONE'S REACH.

Money

Due to sanctions, international cards don't work in ATMs in Syria, so all payments in the country are made in cash Syrian pounds (except your tour payment which is made with cash with USD dollar). Personal expenses in Syria are cheap (\$5 to \$10 for lunch or dinner in a restaurant, \$1 to \$2 for fast food in the street, and \$3 for a beer in a bar).

You can exchange Syrian pounds at the border or in Damascus. Our driver will assist you at the border and help you exchange money (if you don't spend it, you can always exchange it back, don't worry). The exchange rate is volatile.

Beirut transfers

You will have two teams. The Lebanon team and the Syria team. You will be taken from the airport or your hotel in Beirut to the Syrian border (a 3-hour drive), where you'll meet the other driver that will take you to Damascus, where you'll meet our RJ Travel team.

Security in Syria

Inside Government protected areas, Syria is quite safe. You will be far from zones of conflict. Generally speaking, you will feel safe in Syria and quickly realize this upon arrival.

You will have to cross many army check-point, and our guides will ensure everything goes smoothly without wasting your precious travel time.

Always follow the guide guidelines as he/she will be responsible for your safety.

During the night in Damascus, you will mostly listen to the Damascus anti-missile air defenses shooting down Israeli surface-to-surface missiles. Don't panic; this is normal and part of Syrian daily life.

How to buy a Syria SIM Card

The best Syria Sim Card for tourists is widely available, and how to buy a prepaid Sim Card in Syria during your trip is quite easy. You can get a local Sim card at the border or in Damascus, and the price is USD 5 USD for 2 gigabytes.
